

Summer Herald 2018

Special Edition

Summer generally is a quiet, peaceful time at Saugatuck Congregational Church. While some activities slow, others actively continue, and we do some necessary repairs to our facilities. This special Summer edition of the *Herald* tries to capture some Saugatuck summer moments.

Thank you to Jane Mangold, Publisher Emeritus of the *Herald*, for once again contributing her talents to enable this production.

Many have said how much they miss the *Herald*. Please let Marcia know if you have news, something to share or information you would like to know about the life of SCC!

Linda Bruce and Rev. Willie Salmond led Sunday worship in Saugatuck's sanctuary for four weeks focusing on "Exploring the Psalms as we Explore our Emotions."

Summer in full bloom at SCC. The butterfly bush planted by Linda Bruce several years ago outside Marcia's office is attracting lots of butterflies and hummingbird moths.

SCC Missions

The Undies Project mission is to provide new underwear to men, women and children in need.

Underwear is a much needed item of clothing and is often not donated. New, clean underwear provides dignity and self esteem.

No one should be deprived of this simple, daily necessity.

Thank you all for your donations!

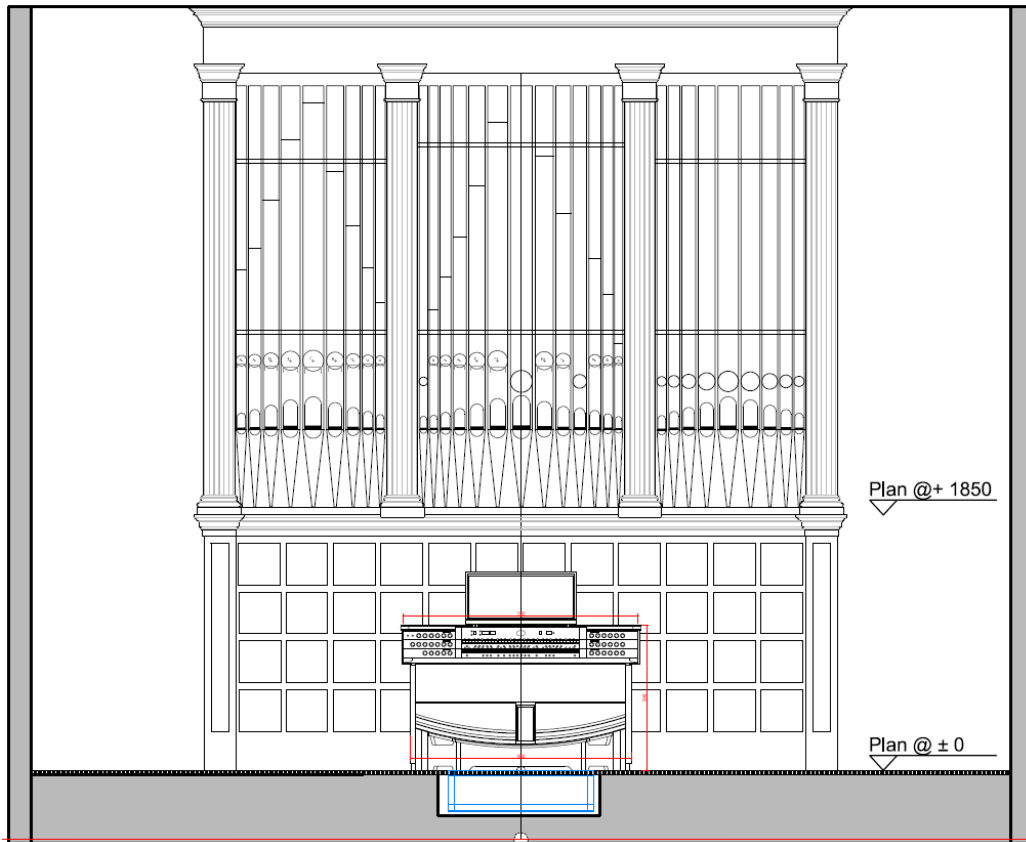

Saugatuck Church members once again contributed generously to the McGivney Campership Program. "Kids don't come and go at McGivney, they come and GROW !" Together we raised nearly \$4,000 which sent six children from Bridgeport to their summer camp for 7 full weeks. A BIG thank you from the Board of Missions and a bigger one from the children of Bridgeport!

Some activities know no season. Westport Firemen closed the shutter on the steeple with moral support from Marcia Harrington and John Walsh.

Shop drawings for our Klais pipe organ being built in Bonn, Germany with a planned delivery in spring, 2019. Planning is underway for installation of this magnificent instrument on our chancel. Several generous gifts have enabled building the organ, but we still must raise \$100,000 to complete the installation. Please contact Heather Hamilton or John Walsh for more information.
